...Resource Business Centre I, II, III & IV
5399 Lancaster Dr. & 800-900 Resource Dr.

“Flexible Spaces in All the Right Places” is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Centrally located in the Cleveland suburb of Brooklyn Heights, Ohio, Resource Business Centre I, II, III and IV offer modern office/warehouse/flex space. The properties are easily accessible from I-77 and I-480 and are within minutes of Rt. 176, I-90, I-71, I-490, the Ohio Turnpike (I-80), downtown Cleveland and Cleveland Hopkins Airport. The buildings are designed to easily modify floor plans and truck access to suit the needs of each tenant.

“I have worked with various property managers finding corporate expansion facilities for the last twenty five years in five different States and by far Ray Fogg Corporate Properties management services has the smoothest operations and the nicest people to work with.”

- **E & R Industrial**

“We have been pleased with the responsiveness of the entire Fogg organization. They are professional and a straightforward business partner.” - **Virginia Tile Company**
