Hinckley Industrial Parkway, Cleveland, Ohio

“Flexible Spaces in All the Right Places” is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Jennings Freeway Industrial Park is simply the best location in the Greater Cleveland area. The park sits on Jennings Freeway (Rt. 176N), only minutes from I-480, I-77, I-90, I-71, I-490, and downtown Cleveland. Fogg developed, owns and manages eight (8) modern office/warehouse/flex buildings in this park with outstanding freeway access in the center of Greater Cleveland.

“I have worked with various property managers finding corporate expansion facilities for the last twenty-five years in five different States and by far Ray Fogg Corporate Properties management services has the smoothest operations and the nicest people to work with.”

- **E & R Industrial**

“We have been pleased with the responsiveness of the entire Fogg organization. They are professional and a straightforward business partner.” - **Virginia Tile Company**
