

flexible spaces all the right places...

...Keynote Office Centre
981 Keynote Circle, Brooklyn Heights, Ohio

“Flexible Spaces in All the Right Places” is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Keynote Office Centre is conveniently located minutes from I-480, I-77 and the Jennings Freeway (Rt. 176) and within 10.5 miles of Cleveland Hopkins International Airport. Only 7 miles from downtown Cleveland, Keynote Office Centre is immediately west of the I-480/I-77 interchange. The property provides a great alternative to the Rockside corridor, having a similar location, with more convenient “park outside your door” 24-hour access. Suites are self contained.

“I have worked with various property managers finding corporate expansion facilities for the last twenty-five years in five different States and by far Ray Fogg Corporate Properties management services has the smoothest operations and the nicest people to work with.”

- E & R Industrial

“We have been pleased with the responsiveness of the entire Fogg organization. They are professional and a straightforward business partner.” - Virginia Tile Company
