...Jennings Freeway Business Centre I-VIII
4621, 4601, 4660, 4640, 4620, 4600, 4562, & 4550
Hinckley Industrial Parkway, Cleveland, Ohio

“Flexible Spaces in All the Right Places” is what Fogg had in mind when designing their large portfolio of office, industrial and office/warehouse (flex) properties. Strategically located near major freeways in northeast Ohio, Fogg’s properties offer flexible floor plans, truck access and lease terms, as well as expansion opportunities for their growing customers.

Jennings Freeway Industrial Park is simply the best location in the Greater Cleveland area. The park sits on Jennings Freeway (Rt. 176N), only minutes from I-480, I-77, I-90, I-71, I-490, and downtown Cleveland. Fogg developed, owns and manages eight (8) modern office/warehouse/flex buildings in this park with outstanding freeway access in the center of Greater Cleveland.

“We have been a partner with Ray Fogg Corporate Properties since 2021. I say partner, and not tenant, as we both take pride and responsibility in our facility. The building is well constructed and meets all of our distribution needs. The team at Fogg is quick to respond to any issue, no matter how small, and I will tell you they have all been small. I foresee our corporation remaining with team Fogg for years to come.” **-Veritiv Corporation**

“Our company has been a tenant of Ray Fogg Corporate Properties for nearly 30 years. We’ve grown with Fogg during this time into larger spaces. The team is always responsive to our needs and easy to work with. I’ve found Fogg to be a great partner!” **-Motion Industries**
